

Launch Your First Digital Product in 24 Hours

What You'll Get

- A fast-start digital product launch plan.
- No-fluff checklist to stay focused and hit publish fast.
- Tool recommendations to save time and increase income.

Step-by-Step Launch Checklist

1. Choose a simple product idea (checklist, template, guide).
2. Create the product using Google Docs or Canva.
3. Sign up to Systeme.io and build a free funnel.
4. Add opt-in and thank-you pages.
5. Upload your product to Google Drive or Dropbox.
6. Connect your funnel to deliver the download.
7. Share your funnel link via social, forums, or email.
8. Build your email list and add affiliate tools.
9. Repeat the process weekly for scalable income.

Recommended Tools

- Systeme.io - All-in-one funnel builder (free account).
- Depositphotos - Professional stock images for products.
- Amazon - Recommend products via affiliate links.
- Hostinger - Build full websites affordably.

Next Step

- Apply this exact system again next week.
- Build a second product. Launch. Repeat.
- Stack your income and grow monthly revenue.
